

## “Presenting...DB2 Web Query”

The announcement of DB2 Web Query brings one of the largest enhancements IBM has made available to the System i community in years. DB2 Web Query brings true web-based Enterprise Reporting / Business intelligence capability to IBM's Query product. You are invited for the MAPSYS, Inc DB2 Web Query Demo starting at 8:45 am to 9:45am. Breakfast will be served. The IBM Customer Appreciation session to follow. Learn what DB2 Web Query can do, how it compares to the existing Query product, and how to transition from one product to the other.

In addition, we will provide more specific product updates on several key IBM server solutions.

The day will last until approximately 1:30 pm. Space will be limited for this event, register at [www.mapsysinc.com](http://www.mapsysinc.com), click on events to enroll. You may also contact Bill Murhling at 614-224-5193 ext. 279 or Melvin Brown at 614-224-5193 ext 251.
